RE: In the Matter of the Application for Approval of the Amendment to an Interconnection
Between Mainstreet Communications, L.L.C. and Qwest Corporation
Docket No. P5656,421/IC-03-428

Dear Dr. Haar:

Interconnection agreements and amendments to interconnection agreements that are not arbitrated under §252 of the Federal Telecommunications Act of 1996 may be approved without hearing under Minn. Stat. §216A.03, subd. 7. The Public Utilities Commission's (Commission) Order designating interconnection agreements and amendments to interconnection agreements as subject to a standing order was issued on August 25, 2000 in Docket No. P999/CI-00-634. The use of a standing order is to apply to filings submitted on or after September 1, 2000.

As required by the Commission's August 25, 2000 Order, the Department of Commerce has reviewed and analyzed the current filing. Attached is the Minnesota Department of Commerce's Checklist for processing amendments to interconnection agreements. The Checklist reflects the Department's analysis of the issues and language that the Commission has established to meet the requirements that interconnection agreements or amendments thereto not discriminate against third parties, harm the public interest or conflict with state law.

The amendment was filed on March 25, 2003

Topic of the amendment: This amendment incorporates certain terms, rates and conditions for an Internetwork Calling Name Delivery Service Internetwork Calling Name Delivery Service Agreement.

Interconnection Agreement amended (Docket No. P421/AM-99-194 on March 30, 1999).

Wireless or Wireline: Wireline.

The Petition was filed by:

Jason D. Topp
Qwest Corporation
Law Department
200 South 5th Street, Room 395
Minneapolis, Minnesota 55402

Conditions:

The Department recommends that the Commission approve this agreement with the exception of Section 12, Dispute Resolution, and Section 14, Assignment. If the companies want these sections and they do not exist in the underlying agreement, they will have to negotiate an amendment that incorporates the Commission required language and submit it for Commission approval.

The Department's analysis finds that the interconnection agreement complies with the Commission's requirements, except as indicated on the attached Checklist. The Department is submitting this memorandum recommending that the Commission **approve** the amendment to the interconnection agreement either at a Commission hearing or by way of the standing order process ordered on August 25, 2000.

Sincerely,

BRUCE L. LINSCHIED
FINANCIAL ANALYST

☐ 1) Agree (explain).

☒ 2) Disagree. See Checklist Item A.6.

☒ 6. Other Comments.

This interconnection agreement was executed on October 17, 2000. While Qwest previously submitted it to the Department as part of its investigation into Qwest's interconnection agreement filing practices in Docket No. P421/IC-02-197, it is only now being submitted for Commission approval. Although this agreement was not one of the agreements that the Department chose to use as part of its complaint, this should not suggest that Commission approval of this agreement is not necessary. The agreements selected by the Department were limited for the purposes of the contested case process in Docket No. P421/IC-02-197. It is the position of the Department that Qwest has always been obligated to file this agreement.

The Minnesota Commission reviews for approval interconnection agreements in their entirety. If, however, the Commission determines that portions of these negotiated agreements are discriminatory to non-parties or are otherwise against the public interest, the Commission has the authority to reject all or part of the agreements.

In this agreement, the Department has the following concerns: Section 12, Dispute Resolution, and Section 14, Assignment, do not contain the Commission required language.

The Department believes that the Minnesota Commission should take action that will ensure that the public interest and the rights of CLECs are protected, including the contracting CLEC. Moreover, since this agreement has been and continues to be in effect, the Department believes that it would be disruptive to the CLEC if the Commission were to reject the agreement in its entirety.

Thus, the Department recommends that the Commission approve this agreement with the exception of Section 12, Dispute Resolution, and Section 14, Assignment. If the companies want these sections and they do not exist in the underlying agreement, they will have to negotiate an amendment that incorporates the Commission required language and submit it for Commission approval.

B. RECOMMENDATION OF THE DEPARTMENT

☒ 1. Accept the interconnection agreement/amendment.

Conditions: See Checklist Item A.6.
